Dear Friend:

I am amazed to hear of persons objecting the insertion of the Call. I have written to Johnson to have it put in the next Lit. as an advertisement & charged to me. Will you see it done. I presume you are in favor of it appearing in the N. R. & if so I take it a majority of the editing Com. will decide on its admission.

I take it that it is not in our power or the power of any body except the meeting which authorized the Call to suppress it — be the inexpediency of it ever so great.

Thank Carlton for his

an excellent letter - for which I write thank her in due time.

I fear I cannot get to Worcester for the reasons mentioned in my last letter. As to the Guild it is out of the question. I regret it. I long to be there & do not know as I can stay away. I am in tremendous haste. Good bye for.

Yours truly.
